Zip Tie Lounge Chair

designed by:

OBJECT GUERILLA

this product is made from a standard sheet material, but some variations in finish and material thickness should be expected.

DIY assembly required, including the use of hand tools - always exercise caution when working with sharp implements, beware of splinters, and work in a well ventilated area.

1-2 / Fasten armrests to side pieces.

3 / Fasten back piece to side piece.

4 / Fasten opposite side of back piece to side piece.

5 / Fasten front piece to side pieces, completing the base.

6 / Assemble the seating panels with loose zip tie joints in size order (S,M,L).

7 / Insert seating panels into base frame and through hole joints in center of (L) and (M) panels.

FASTEN the chair by threading zip ties through sets of holes on adjoining pieces.

TIGHTEN each zip tie as much as possible, except between seating panels.

USE zip ties with a breaking strength of at least 50 lbs. (22.6 kg). 44 needed total.

CLIP ends of zip ties with wire nippers or scissors.

OBJECT GUERILLA

ZIP TIE LOUNGE CHAIR
